At a busy time, in a busy world (we come to pray).

All our hopes and dreams laid before you now (we come to pray).

Look at me right now, see my friends here, too (we come to pray).

We are gathered here in faith and hope and love (we come to pray).

*O Lord we come to pray.*

*Lord, we know you're here.*

*See our faith, O Lord.*

*And draw...us unto you.*

In a brutal world that seems untouched by you (we come to pray).

Help us be the light that others need to see (we come to pray).

In an age of rage, in a year of fear (we come to pray).

Give us strength to stay with you along the way (we come to pray).
